We remind you that members of the community who are unable to participate in the meeting of the members of the community can sign voting transfer contracts for other persons to vote on their behalf (*notarization is not required*), or our articles of association provide for the possibility to express their opinion in advance in writing, then the members of the association can also submit their decisions in advance in writing on the issues of the published agenda of the meeting. This will help us gather quorum, get more community votes and make decisions. Or, in good faith, make a decision to write a request to withdraw from the association and remain a passive owner (voting only at meetings of owners and owners voting in writing).
